Introduction
Welcome to US History! I hope you’ll get a great deal out of this class and in the process that we’ll have a lot of fun learning together. I expect a lot of enthusiasm, participation, and thinking from you. It’s going to be hard, but it’ll be really interesting!

Description
This class explores the events, trends, peoples, groups, cultures, ideas and institutions in North America and United States history. We will look at multiple perspectives of gender, class, and ethnicity, between the age of exploration to the present day. This class focuses on developing, practicing, and strengthening the skills historians use while constructing knowledge in the discipline. We will also work on note taking skills, which will help aid you throughout the rest of your high school and college careers.

Practical Matters
Due to the nature of the course and the vast amount of material involved students are expected to become learners both IN and OUT of the classroom. Homework will be assigned plus there will be Throwback Quizzes which will help students remember what had previously be covered in class; students will be informed in class and the information will also be posted on Google Classroom. The homework will be composed of different types of assignments, from primary source document analysis to reading and answering questions to preparing for in-class debates and projects.

The atmosphere is to be one of respect. This must be the case if we are to share our knowledge and ideas with others. But this means more than not interrupting others when they are speaking—it means listening attentively to others’ thoughts and thinking carefully about their ideas. It means learning and using people’s names. It means not sending the message that you have other things on your mind.

You will be assigned a spot in the cell phone holder. Cell phones MUST be in the specified cell phone holder during the entire class (not seen or heard) except when approved by the teacher, such as finding the answer to a question using a smart phone. Violation of this policy WILL result in confiscation! We will follow the discipline plan for Jefferson Academy; it’s just common courtesy, you know.

Computers (BYOD) will be needed throughout the semester. You will be allowed to take notes on your computer, HOWEVER if you are caught not focusing in class (playing games or surfing, etc) this privilege will be taken away and you will have to hand write your notes.

Assignments are to be completed on time and in detail. I am very good about updating my website with assignments and homework. We will be using Google Classroom this semester for all assignments, presentations, and study guides used throughout the semester. The Google Classroom connect code for class is: j2bvbttb. There will also be a calendar on my school website, which can be accessed at http://ketcham.jajags.com. It is intended to give you an update on daily classroom activities and has MAJOR due dates on it.
**Late work** will not be accepted. That being said, if you are in the need of more time and ask me BEFORE the due date, there are opportunities for extensions. If you come to me the day of or after the due date, the work will not be accepted.

For excused absences, you will have 2 days for every day you miss, and the clock starts when you come back to school. I keep everything on my Google classroom, so there is no reason for you to not be prepared.

**Academic honesty** is of utmost importance. Cheating will not be tolerated. Plagiarism will result in a 0 on the assignment and a note in the gradebook. That said, I do believe in the adage that **two heads are better than one**. We will do a lot of group work; you will brainstorm, think, discuss, and complete tasks with other people. However, there are times when it is inappropriate to work with anyone else. It is fun to study with a group of people. On the other hand, tests and papers are individual activities. You MUST submit your OWN ORIGINAL work at all times, unless otherwise stated by the teacher. If you ever feel confused about if it is appropriate to work with other students, please ask before you begin.

**Attendance** is important. I adhere to the school’s attendance and tardy policy as detailed in the Student/Parent Handbook. Exams, quizzes, and homework often include questions on material presented only in class, so performance on these indirectly reflects attendance. If you miss class, see Google Classroom. Don’t ask me any questions about make-up work until you have looked at the lessons online AND asked another student. You should be prepared for class every day, so you are expected to be caught up from absences before walking into 240.

**Extra help** is always available. If you need clarification or extra help, please ask for it! I will be in my classroom (240) during morning ACCESS HOUR for you to drop by, and after school by appointment. I check my jajags.com email address until 8 pm almost every night, so emailing me there if you cannot stop by is the best way to get your questions answered.

**Materials** you need for this class include loose-leaf paper, pens/pencils (any color is fine as long as it is dark enough to read), a handful of index cards, highlighters, a small stapler, and a binder/folder. This class is driven **HEAVILY** by lecture format and note taking. Please be prepared. My goal is to get you prepared for future college classes during this semester.

Our textbook is *United States History and Geography*. We have digital licenses which you will be expected to sign up for and use throughout the semester. You will sign up at [https://my.mheducation.com/login](https://my.mheducation.com/login). You will need to create an account if you do not have one. Once you have logged in, you need the class code: OoeYFYoh. This will allow you to access the readings and the homework I assign throughout the semester. There will be lots of reading almost every night. If you have problems staying focused while reading online, I can assign you a textbook. The textbook is the same as the online resource.

I have some **pet peeves** and feel that you deserve heads up.

- **First**, if you must arrive late, come in as quietly as possible. Explanations and questions are appropriate later. Calling additional attention to yourself and wasting others’ time is unacceptable.
- **Do not interrupt** and/or make a spectacle of yourself. Second, any interruption to my class, such as sharpening your pencil, stapling papers, making inappropriate comments, or not coming to class prepared, is inappropriate and will be dealt with by a conniption fit from your teacher. If you think I wouldn’t approve, don’t do it.
- **Use furniture for appropriate purposes**; please do not sit on the desk tops.
Never use the phrase, “did I miss anything?” when you come back from an absence. It is offensive—of course you missed something. Instead, ask a specific question that demonstrates that you have already looked at the website and spoken with another student in the class.

Finally, tapping, drumming, and any unnecessary noise drives me crazy. Believe me—you don’t want a crazy teacher.

Tests: 5 tests will be given throughout the semester, covering a range of topics. Each test will consist of multiple choice questions, document based questions for you to analyze and essay questions to answer. Because you have the testing schedule, if you miss a test, I will expect you to be ready to make it up the day you come back, otherwise it will go into the gradebook as a ZERO. I will allow you to do test corrections on 2 of the tests throughout the semester. Test corrections will involve you being able to prove to me that not only you learned the right answer, but also WHY it was the right answer. You must talk to me before or after school to get approved to do test corrections on a test. You will be able to earn up to HALF the points you missed on the multiple choice section, which will be added to your grade on the test. You will have 1 week after the test has been graded to complete your test corrections.

Test Schedule: February 3rd, February 28th, March 20th, April 10th, April 28th.

Helpful Hints
Writing: If you find that you are having trouble, spend about an hour and read the very short and helpful book, Elements of Style, at http://www.bartleby.com/141/ This is a timeless classic that will help improve your writing immensely, and will help you with your writing throughout high school and college.

Have fun!!
