Course Description:
Western Civilization is an academically challenging content rich course that is coordinated in many areas with the Jefferson Academy literature program. This course serves as the foundation for future social studies courses in both high school and college. Throughout the semester, this course will provide a balanced look at the humanities by exploring the history, geography, civics, and economic aspects of modern world societal development. Challenging assignments that involve reading, analysis, synthesis, writing, public speaking, simulations and student-led discussions/socratic seminars will be used to enhance your learning. Lecture, discussion, art, music and video technology will also be used to enhance the learning.

If students are not in the classroom by the time the bell rings, they will be held accountable and habitual tardiness will be addressed as follows:

- 2nd Tardy-teacher notifies parent and speaks to the student.

- 5th Tardy-parent, student and admin meeting at school.

ATTENDANCE (Absences):

Students are given 2 days for every day absent to finish work, but any work due on the date of their absence will be due upon their return. For example: If a student misses Monday, the assignment for Monday will be due on Thursday, but the assignment due on Monday would be due Tuesday.

Students are responsible for OBTAINING all missing work, as I will not seek them out. For students with a prearranged absence, it is recommended that they get work done ahead of time and will need to see me before they leave.

Academic Honesty:

As with any other class, academic honesty is expected. Turning in any work that is not your own, without citation, is considered plagiarism. This includes work from print sources such as books, electronic sources such as the internet, and human sources such as other students. Any student involved in such incidents will face
consequences. Students will receive no credit for work determined to be plagiarized and will face appropriate consequences determined by the administration. Plagiarism is a SUSPENDABLE offense.

- When it comes to homework and assignments, if a student “aids” another and gives the answers, that student will also be held responsible and both students will receive zeros and face appropriate consequences.
